Allied Health Center Draws

Above, Pearl River officials showed off the new Forrest County Allied Health Center during a formal dedication service. On program were Bruce Hankins, Lamar County board member; Lowery A. Woodall, executive director of Forrest General Hospital; Walter Cartier, Forrest County board member; PRC President Ted J. Alexander; Joe Tatum, general partner of Land Management Development Corporation; William K. Ray, president and CEO of Wesley Health Systems; Emil Pav, chair of the PRC board and George Curry, Forrest County board member. To the right, Forrest County board member Walter Cartier spoke to the large crowd on hand.

Attention Around the Nation

A large crowd was on hand October 11, 1992 as Pearl River Community College showed off its new Forrest County Allied Health Center.

Classes began in August, however, the formal dedication, ribbon cutting and open house were official ways for the college to feature the modern $2.7 million facility and say thanks to those who made it possible.

"Thanks for the support," said Emil Pav, Lamar County Superintendent of Education and chair of the PRC Board of Trustees. Pav recognized the Tatum family of Hattiesburg and the Forrest County Board of Supervisors for their major roles in making the center possible.

The Allied Health Center is located on part of a 40-acre tract donated to PRC by the Tatum family, through its Land Management Limited. Construction funding was made possible by the Forrest County Board of Supervisors, the State Department of Education and Pearl River College.

"This is a model facility which is being looked at across the nation," said Pav. "We dedicate this building with pride, honor and enthusiasm."

William K. Ray, president of CEO of Wesley Health Systems and Lowery A. Woodall, executive director of Forrest General Hospital, complimented Pearl River for the state-of-the-art facility.

"We appreciate the strong leadership Pearl River has shown in making this facility possible here in south Mississippi," said Ray. "On behalf of Wesley Health Systems we congratulate you."

"I'm excited about the building, but I'm looking forward more to the product which this facility will produce," said Woodall. "Forrest General Hospital has had a long, productive working relationship with Pearl River Community College. We too congratulate you for your leadership."

Joe Tatum, general partner of Land Management Limited and CEO of Tatum Development Corporation, said his family was happy for the opportunity to serve the citizens of Forrest County and south Mississippi.

"Within our youth lies the strength and leadership of tomorrow. This is a perfect example of how many citizens can have a productive life without a four-year degree," said Tatum.

George Curry, a Forrest County representative on the PRC board, said he was happy that the college will be able to meet some of the pressing needs of the medical community by providing opportunities for the residents of the college's six-county district.

Ted Alexander, president of the college, complimented the PRC board of Trustees for having the foresight in making the Allied Health Center a reality.

"This is a special day in the history of Pearl River Community College," said Alexander. "This magnificent building is only the beginning."

Walter Cartier, Forrest County Superintendent of Education and Forrest County representative on the PRC board, acted as master of ceremonies and led the 300-plus in attendance on a tour of the two-story facility. Bruce Hankins, a PRC board member representing Lamar County gave the invocation.

Programs offered at the facility include Respiratory Care Technician, Dental Assistant, Operating Room Technician, Dental Hygienist, Medical Laboratory Technician, and Physical Therapist Technician.

The facility is located on Highway 49 South, adjacent to the PRC Vocational-Technical Center.

To the left, PRC Academic Dean Wes Estey (second from right) and instructor Joe Cliburn (far right) got an upclose view of the facilities state of the art equipment.

On the following pages, PRC's Public Relation Staff captured some of the campus beauty on film. In the above photo is Moody Hall while to the right is one of the famous campus landmarks.

Extravaganza VI Huge Success

Pearl River Community College's Development Foundation raised more than $40,000 during its sixth annual River Extravaganza here Sunday.

It was an evening of food and entertainment to raise money for student scholarships and teacher enhancement grants for the classroom.

In less than six years, the PRC Foundation has raised more than $1.3 million from private sources. The total includes a $400,000 land donation.

"Your contributions will have a direct influence on the students from our six-county district," said Ted Alexander, president of the college. "The money is going where it is needed most. By your participation more people will have an opportunity for a better quality of life."

The PRC district includes Forrest, Hancock, Marion, Lamar, Jefferson Davis, and Pearl River counties.

Fifteen area restaurants provided the food for the 750 patrons who paid $25 each for the evening. Countless supporters throughout the college's district, donated nearly $30,000 in auction items. Other companies made cash donations to the event.

Food booths were set up around the perimeter of the Marvin R. White Coliseum floor and served up hearty portions of boiled crayfish, fried catfish, fried and raw oysters, shrimp dishes, barbecue, prime steak, roast beef, turtle soup, seafood gumbo, Reuben sandwiches, beef and chicken fajitas, and blackened Redfish.

The restaurants supplied the food and their staff free of charge.

Jeff Lawson of WLOX-TV 13 of Biloxi and Kelly Sanner of WDAM-TV of Hattiesburg served as emcees for the evening. Lawson has participated in all six Extravaganzas.

Country music recording star Ronnie McDowell wooed the crowd during the concert and local band, Dealer's Choice, performed during the food segment of the evening.

Participating restaurants and food suppliers were Bradford Seafood of Pass Christian, Chappy's of Long Beach, Conestoga Steak House of Hattiesburg, Don's Seafood Restaurant of Picayune, Four Star Pizza of Poplarville, Kermit's Kabin of Bassfield, Lau Tori's of Sumrall, Layne's Krispy Chicken of Waveland, Lil' Ray's Restaurant of Waveland, Morrison's Restaurants, Inc., Paul's Pastry Shop of Picayune, Strick's Bar-B-Q of Hattiesburg, The Reef Restaurant of Bay St. Louis and Western Corral of Columbia.

"There is so much love in the community for Pearl River College," said Donna Wilson, the executive director of the Development Foundation. "An event of this magnitude would not be possible without the assistance of hundreds of individuals."

The Extravaganza Committee is chaired by Jeanette Crain of Columbia. The Executive Committee consists of chair Ott Brockman of Hattiesburg, vice-chair Doug Mooney of Hattiesburg and secretary-treasurer Homer Moody of Poplarville.

Sports are an important aspect at Pearl River. Every new year brings about a challenge to set new boundaries and to break old records. PRC offers students the opportunity to play a wide variety of sports ranging from football and baseball to intramural sports.

To the left, sophomore Todd Miller went up for two points. Below, sophomore Melissa Stewart took her turn at bat for the Lady Wildcats. At the bottom of the page, PRC students participated in an intramural flag football "Bloomer Bowl" game.

The Coaches Profiles

Head Football Coach Willie Coats

Coach Willie Coats' 1992 coaching staff included four assistants.

Returning are Mitch Rodrigue, Mike Humphreys, and Carlos Powell. The newcomer was Terry Underwood of Collins.

UNDERWOOD, defensive coordinator for the Jones Junior College Bobcats last year, will coach the Pearl River defense this year.

Underwood — a member of the 1979 JCJC state championship team and the 1980 runner-up team and a class favorite and Mr. Jones County Junior College — is rejoining Coats on the sideline.

From 1984 through 1991, Underwood served as assistant football coach to Coats at Hattiesburg High. He also served as assistant track coach, strength coach and drivers education and health instructor.

While at Hattiesburg he coached the offensive line and special teams. He transferred to Jones after Coats was named PRC's head coach in June 1991.

Underwood played high school football in Seminary and played offensive guard and tackle for the Jones Bobcats. While at JCJC he was a Golden Key award winner and Mississippi Junior College Shot Put champion. He finished 12th in the National Jr. College Shot Put trials.

The new PRC coach transferred from Jones to Delta State where he played tackle his junior year and guard his senior year. He was also the MVP in track and team captain. He was Gulf South Conference Shot Put Champion and Who's Who Among American College Students.

Underwood served as a graduate assistant at Delta State for one year before joining Coats at Hattiesburg. He has a master of education degree from Delta State.

He is married to the former Carrie Masengale of Collins and they have two children.

RODRIGUE attended Copiah-Lincoln Junior College one year and then transferred to Nicholls State University where he received his degree in health and physical education. He was a three-year starter on the offensive line for Nicholls.

At Nicholls, Rodrigue made the National Dean's List and was named an Outstanding College Student in America. He received his master's degree in educational administration and supervision and posted a 4.0 grade point average.

In 1987 and 1988 he was a student assistant coach at Nicholls State where his primary responsibility was coaching the offensive line.

While at USM, Rodrigue assisted with coaching the offensive line, offensive tackles and was on the road recruiting in Louisiana. He also taught in the USM coaching and sports administration department.

In 1990 he was coach at East St. John High School, serving as an offensive line coach and world geography teacher. Rodrigue and his wife, Deidi Chatagnier, have one child.

POWELL, a native of Lumberton and graduate of the University of Southern Mississippi with a degree in recreation, will coach wide-receivers.

Powell, a member of the 1983 13-0 Lumberton High team, coached wide-receivers and tight-ends for head coach Jerome Barkum at Miles College in Birmingham in 1990.

While at USM, Powell started four years at tight-end and was a member of the Eagle Club. He was a member of the USM team which won the 1989 Independence Bowl. After graduating from USM in the spring of 1990, he worked at USM as area coordinator for the National Youth Sports Camp, serving as a recruiter coordinator over nine counselors.

He also worked as a camp counselor and taught fundamentals of football at USM. He is a member of the Phi Beta Sigma Fraternity.

Powell and his wife, Deveri Morgan of Poplarville, have three children.

HUMPHREYS, PRC's defensive coordinator, is beginning his fourth year with the Wildcats.

Humphreys attended Pensacola (Florida) Catholic High School where he played quarterback and baseball. He played baseball on scholarship at Patrick Henry Junior College before transferring to the University of Florida where he earned a bachelor of science in physical education.

He has five years coaching experience in Florida High Schools including two years at Pensacola and three years at Woodham High. While serving as an assistant at Woodham, the team won the state quad-A title in 1982 and was runner-up in 1985.

Humphreys served two years as an assistant at Nicholls State University before coming to Pearl River College. He earned his master degree in administration at Nicholls.

Mike, who was hired by former head coach Mike Nelson, has been at PRC longer than any other Wildcat football coach.

He is married to the former Stacie Comeaux of Bay St. Louis and they have two children.

Baseball Coach
Jim Nightengale

James H. Nightengale, a former assistant at William Carey College, completed his sixth year at the helm of Pearl River's baseball program.

A Long Beach native, Nightengale was an all-star baseball and football player in high school, earning all-conference honors in both sports from his sophomore to senior years.

At Gulf Coast Junior College, he was a first-team All-American baseball player as a sophomore. He was also the quarterback for the Bulldog football team. He played his last game here against Pearl River, breaking his hand in the 1981 Homecoming game, and missing the rest of the season. PRC won the game 14-10.

As a William Carey Crusader, Nightengale was an all-district player when the squad took the District 30 Championship in 1983 and '84.

While at Carey, he received his bachelor of Science degree, as well as a masters in education and social science.

Nightengale became an assistant to Carey's coach Bobby Halford in 1985.

Ladies Basketball Coach
Polly Kirkland

Polly Kirkland completed her sixth year as head coach of the Pearl River Community College Lady Wildcats basketball team.

Kirkland, a two-time coach in the Mississippi Junior College All-Star game, played basketball at the University of Southern Mississippi and Delta State University.

Kirkland served as a graduate assistant at USM. She is an honor graduate of Horn Lake High School.

She has a major in math education and physical education from USM, as well as a master's degree in physical education and athletic administration.

In the past five years since Kirkland's arrival at PRC, the Lady 'Cats have posted four winning records. Last year, the Lady 'Cats posted a 17-8 winning record and came out 6-6 in the South Division.

Including her overall high school and junior college record, Kirkland amassed a total of 222 wins and 132 losses going into the 1991-92 season.

In addition to her coaching duties at Pearl River, Kirkland also teaches math and coaches the Lady Wildcat Softball Team.

Mens Basketball Coach
Richard Mathis

Richard Mathis, a two-time state champion coach with one regional championship to his credit, plus one national runner up and five top twenty national finishes, is head Wildcat basketball coach at Pearl River College.

Mathis was administrative assistant men's basketball coach last year at Mississippi State University.

The new PRC coach, a native of Meridian, is replacing Peter Georgian who resigned in July to return to Wiggins to coach the Stone County Tomcats.

Mathis has had considerable success on the high school, junior college, Division II and Division I levels. For the last seven consecutive seasons he served as a head coach, his teams averaged 24 wins and 6 losses per season.

For the last eight seasons the teams which Mathis was associated have qualified for the national tournament in their respective divisions, and that includes the 1991 Mississippi State Bulldogs who won their first SEC Championship and first NCAA tournament appearance in 29 years.

At Mississippi State, Mathis handled scheduling, scouting, academic advisement and on-the-floor coaching for Bulldog head coach Richard Williams.

In 12 years as a head coach on the collegiate level, his teams have averaged 22 wins per year which include 262 victories and 83 losses.

Appreciation Dinner Honors Faculty, Staff and Retirees

The annual Pearl River Community College Faculty-Staff Appreciation Dinner was held to honor its employees and to recognize retirees.

More than 200 PRC employees, spouses and guests gathered at King's Arrow Ranch to enjoy a steak dinner, entertainment and the presentation of service awards.

The highlight of the evening was the recognition of four employees who have a total of 99 years of service to the college. Michael Knippers, communications department chair and speech instructor is retiring after 27 years. So is Charlotte Odom, who has headed up the associate degree nursing program for the past 27 years.

Margaret Boone, compositor and printer for the college for the past 23 years and Shirley Daniels, a financial aid specialist for the college since 1982, are also retiring after the current school year.

The event was sponsored by the PRC Development Foundation with Morrison's Inc. providing the food.

Foundation chair Ott Brockman and President Ted Alexander presented the service pins. Doug Mooney, foundation vice-chair, served as master of ceremonies.

The PRC Foundation presented Larry Stanford a special award for his years of service to the college and foundation.

Development Foundation service awards were presented to the following faculty and staff members:

▶ Ten Years — Ken Adams, Pat Amacker, Susan Anderson, Susan Bedwell, Susan Donohue, Sybil Downs, Eddy Gammell, Sarah Henry, Ray Lee, Wyndal Peterson, Willie Sharon Speights, Levi Nix, Janet Lewis, Tina Hanson, Becky Dale, and Thelma Henry.

▶ Twenty Years — Cliff Evans, Nancy Regan, Charles Rester, Harvey Seligman, Don Welsh, Lorena O'Quinn and Murlene Fairley.

▶ Fifteen Years — Joe Wesley, Peggy Ciccarelli, Elaine Kersh, and Mary Wallace.

To the right are the faculty and staff who were honored for 10 years service. Included are Willie Speights, Susan Donohue, Sarah Henry, Ken Adams, Eddy Gammell, Susan Bedwell, Pat Amacker, Susan Anderson, Sybil Downes and Ray Lee.

HEADWAE Selectees Recognized

A Pearl River Community College faculty member and two students received special recognition from the Mississippi Legislature recently during the sixth annual HEADWAE program.

The observance, known as Higher Education Appreciation Day Working for Academic Excellence, was initiated in 1988 to honor individual academic achievement and the overall contribution by the state's public and private institutions of higher learning.

PRC speech teacher Michael Knippers, who is chair of the Communications Department, and sophomores Lisa Kitazaki of Lumberton and Melissa Stewart of Poplarville were chosen based on scholastic performance, experience, teaching record and other factors.

The HEADWAE program is sponsored by the Mississippi Legislature and supported by the state's corporate community.

"It's a way for us to say thank you for your commitment to the future of Mississippi," said Senator Ezell Lee. "I'm proud of your contributions to your school and community. I wish you all the best."

Both Kitazaki and Stewart are active in many student organizations on campus. Knippers, of Tylertown, has been a member of the PRC staff since the mid-1960s.

Making The Grades

Students today are doing what it takes to make the grade. People can be spotted in various places around campus studying. To the right, Titiana Kerschbaum, a freshman from Poplarville, was spotted in the library studying for an upcoming Nutrition exam. The library is the most popular place for students to go to study. Park benches, the Grill and the parking lot are other popular studying spots.

President For a Day

Freshman Bridgett Dugas from Bay St. Louis was the winner of the Student Alumni Associations President For a Day raffle.

Ms. Dugas was presented with a problem to solve by President Ted Alexander when the day began. She was later introduced to the inner workings of every department in the administration by each department head.

Bridgett said she was treated respectfully and was addressed as "Ms. President" throughout the day. She said that it was quite an educating experience. She learned a lot about the school.

Funny Faces

On the following pages are some candid photos that the Wildcat photographers took at various places and times. Some of the students were aware that they were being photographed while others were not. Whatever the case may be, we thought they were worth sharing.

To the right, freshmen Jennifer Stockstill from Picayune and Julie Stringer from Columbia enjoyed the Christmas skit put on by the PRC River Navigators. On the opposite page, at the top left, the Wildcat football players listened to the cheerleaders during a pep rally. At the top right, Rachel Fillingame, a sophomore from Bay St. Louis, cheered at the Homecoming night pep rally. In the middle photo, the PRC Wildcat baseball players watched the new dance during the PRC/Jones pep rally. In the bottom photo, the football players showed their team spirit at the Homecoming pep rally.

Football Players Shave Heads For Playoffs

The 1992-93 Wildcats went undefeated during the regular football season. Before the play-offs, the guys got together and decided to shave their heads to show team spirit. Here are just a few of the players who agree with the saying "Bald is Beautiful." The guys are all residents of Lamar Hall.

Nurses Donate Food to Hurricane Victims

The participates in the MASN/OOADN food drive for the survivors of Hurricane Andrew was a success. Students inside and outside the organizations participated in the juncture.

Ms. Ann Donnell, a Nursing Instructor, was delighted with the results. The food and supplies that were donated included canned and non-perishable food items, diapers, baby food and clothes.

Some of the food was not only sent to Florida but to surrounding families in Louisiana and Mississippi.

Best Buddies

Sports have a way of bringing people together. At the beginning of each season, the players do not know each other. After many long hard practices, the players join together as a team. Many friendships are made throughout the year that will last a lifetime. To the right are Anthony Sewell, assistant basketball coach and player Duane Cottier. Below are baseball players David Levingston, Greg Guidry and Stu Huey. On the opposite page are football friends Chris Selman and Brandon Murray.

Female students learn about non-traditional careers

Approximately 200 female high school students learned about the many opportunities available to women in non-traditional, high-tech careers at Pearl River Community College's Women in Science and Technology (WIST) conference Tuesday March 30, 1993.

"We're here to tell you that you can do anything you want to do," said Rose Ingram, head of PRC's careers and sex bias program, at the general assembly meeting. "Women have a lot more new opportunities today than ever. The world of opportunity is before you."

"Each term we see more and more females coming into the science and technology fields; and that's what we need," said Dr. Wes Estey, dean of academics at Pearl River. "We do need the energy of all the people.

"Girls have been taught to play with dolls, and guys have been told to play with trucks and learn math and science. But I believe we're seeing a change," Estey said.

With the theme *A Whole New World*, the conference included three separate sessions in engineering, medical and technical fields. Women professionals and PRC students from each area addressed career opportunities and answered questions. High school students attending the conference were from within Pearl River's six-county support district which includes Pearl River, Hancock, Marion, Lamar, Forrest and Jefferson Davis.

Students also viewed exhibits and spoke to representatives of major industries in the area including: the Naval Research Laboratory at NASA's John C. Stennis Space Center, Johnson Controls World Services, Inc., also with Stennis Space Center, Methodist Hospital in Hattiesburg; NASA at Stennis Space Center; South Mississippi Electric Power Association; Pine Grove Center in Hattiesburg; Calgon Carbon Corporation of Pearlington; and G.E. Plastics.

The sessions included testimonials from current and former PRC students who entered high-tech fields. Laurie Barnett, a mother of three children and a 1992 instrumentation graduate, encouraged females to make a commitment to succeed.

"You may not think you're smart enough, but if you have determination, you can do anything."

Barnett quit school in the ninth grade, got married and had three children. After several years of working in a factory for minimum wage, she enrolled in Pearl River's electronics and instrumentation program in the Technology Center.

"I made a 12 on my first test," she told the students during a session. "But I kept on trying and bringing my grade up."

While at PRC, Barnett worked with the U.S. Geological Survey at Stennis Space Center in the "Stay in School" student co-op program. She graduated with honors in May 1992 and was on the list of speakers at her graduation. She now works full-time with the USGS at Stennis.

Another success story is Lillian Smith, a 40-year-old mother of three. Smith will be the first female to earn an associate degree in Automated Manufacturing Technology program at Pearl River.

Smith returned to school after 13 years of being a housewife. She said it was her daughter who helped inspire her to enter robotics. While in the seventh grade, her daughter asked for assistance in making an electronic buzzer for a science project. That project gave Smith the ambition to enter electronics.

Smith, who will graduate in May, gave a demonstration of the computer-driven robotics equipment in the PRC Technology Center.

Members of the PRC faculty were pleased with the outcome and participation of this year's conference.

"I thought the conference was a hugh success," said Ingram after the conference. "Having the industries present was a strong point."
